Hi all,

We just heard that one of CRW's team members will be out on medical leave for several weeks starting the week of 7/26. They have offered Tuesday the 20th any time, or Wednesday the 21st before 3 pm ET. Both times work for me. Please let me know if you are available. I will also check with Tom and PADEP now.

Thanks,
Devon

Thanks, Pam and Sushila. I'd like to attend the meeting if possible. I agree with Pam's idea of looking for a 3-hour slot and moving other meetings (unless they can't be missed). DEP is available all afternoon on Tuesday, 8/10, and from 2-5pm on Weds, 8/11. Do those time slots work for you?

Thanks,
Devon

Can I suggest that if we are going to be in the office on 7/29 – 7/30, that we just make ourselves available unless there's something that absolutely can't be moved and then consider missing the meeting? There are just too many of us to parse out the hours in the day to see which one works, and I think we should set aside a 3-hour block of time so we make sure we get through all the comments and don't have to come back to the table in two or three weeks.

Thanks,
pam

My preference is for you to be there, but I defer to the group on this one.

Did you mean to say you would be out Fri 7/23 AND BACK ON MONDAY 8/9?

Here are times that work for me week of 7/26 if group consensus is to have the meeting 7/26

Monday 7/26 until 3 pm (assuming we don't have our team call 7/26 2-3)

Tuesday 7/27 after 2 pm

Wednesday 7/28 after 1 pm

Thursday 7/29 after 11 pm

FRIDAY 7/30 DOES NOT WORK

Subject: CRW - Scheduling our meeting

Hi team,

Given PADEP's availability, it looks like our meeting with CRW will likely need to take place during the week of 7/26. Unfortunately, I will be out on leave between Friday, 7/23, and Friday, 8/9. Brad is happy to serve as the DOJ representative during the meeting so that we can get it scheduled sooner rather than later. But before exploring our availability for the week of 7/26, I wanted to check with you to see if you are comfortable with me missing the meeting. I expect that the conversation will entail walking through our comments/questions to CRW in the CD, many of which are technical.

Please let me know what you think.

Thanks,
Devon
